It is with great pleasure and conviction that I recommend Mr. Neelanjan Manna for his exemplary performance and innovative contributions as the Global CIO at Swastikk AI Tech Pvt Ltd. Within just three months of his tenure, Mr. Manna has not only integrated seamlessly into our dynamic team but has also spearheaded numerous initiatives that have significantly advanced our technological capabilities and strategic objectives.

Mr. Manna's expertise in cryptography and his ability to lead high-impact projects have been instrumental in developing solutions that have enhanced our national security measures. His work, although highly confidential and classified in nature, involves close coordination with central national level agencies to ensure the robustness and reliability of our security frameworks.

Under his guidance, our team has achieved breakthroughs in advanced encryption technologies and secure communication systems that are vital for safeguarding sensitive information. His foresight and innovative approach have enabled us to stay ahead of evolving cyber threats and have positioned our organisation as a leader in AI-driven cybersecurity solutions.

In addition to his technical prowess, Mr. Manna's leadership skills are of the highest caliber. He fosters a collaborative and inspiring work environment, encouraging his team to push boundaries and think creatively.
